

# Resolution and Discovery

## Instructions for Authors

### AIMS AND SCOPE

RESOLUTION AND DISCOVERY a Gold Open Access, peer-reviewed journal covering all kinds of microscopy in materials science and in life sciences, new developments on instrumentation and microscopy techniques. The journal provides a forum for the publication of original research papers of the following subject areas: structure and imaging of biomolecules and live cells; multidisciplinary approaches; materials for nanotechnology, metal alloys and intermetallics, ceramics, composites, minerals; scanning probe microscopy, 3D imaging and tomography.

The following subjects are covered by the journal (not exclusively)

Within life sciences: structure and imaging of biomolecules, live cell imaging, neurobiology, multidisciplinary approaches in biology and medicine, microscopic applications in plants, microorganisms and environmental sciences, super-resolution microscopy in biological sciences.

Within materials science: RESOLUTION AND DISCOVERY materials for nanotechnology, metal alloys and intermetallics, ceramics, composites, minerals, microscopy in cultural heritage, films, coatings, surfaces and interfaces, carbon based materials, semiconductors and magnetic materials.

Within instrumentation and techniques: Advances in scanning probe microscopy, 3D imaging and tomography, electron diffraction techniques and analytical microscopy, advances in sample preparation techniques, in situ microscopy, correlative microscopy in life and material science, low voltage electron microscopy.

The journal's language is English.

### EDITORIAL BOARD INFORMATION

RESOLUTION AND DISCOVERY was founded in 2015 by Akadémiai Kiadó, Budapest, Hungary, who is also the publisher of the journal.

### EDITORIAL BOARD

RESOLUTION AND DISCOVERY is handled by an independent Editorial Board of autonomous scholars. Free from any external influence, they decide about the journal's policies in general, and – based on the outcome of the peer review – about the acceptance or rejection of papers in each concrete case. The names and affiliations of the Editorial Board members can be found on the [journal's web page](#).

### CONTACT

In case of any query, please, feel free to contact the editorial office: [pecz.bela@ek-cer.hu](mailto:pecz.bela@ek-cer.hu).

### ADDRESS OF THE EDITORIAL OFFICE

Resolution and Discovery  
Institute of Technical Physics and Materials Science  
Centre for Energy Research  
H-1525 Budapest, P.O.Box 49, HUNGARY

### PUBLICATION SCHEDULE

One volume is published every year. First articles are published ahead-of-print and later the volume is compiled from these papers.

### DIGITAL ARCHIVE

The entire journal content is archived in the [Portico](#) preservation archive.

# Resolution and Discovery

## Instructions for Authors

### SUBMISSION INFORMATION

Submission of a paper to RESOLUTION AND DISCOVERY will be taken to imply that it represents original work not previously published, that it is not being considered elsewhere for publication, and that if accepted for publication it will not be published elsewhere in the same form, in any language, without the consent of editor and publisher. Submissions are to be accompanied by a signed statement thereof (see links to the License Agreement forms under section COPYRIGHT AND LICENCE POLICY/OPEN ACCESS below).

### SUBMISSION

Authors should submit their manuscripts using the online manuscript submission and peer review *Open Journal System*. Details are available online at <https://submit.akademiai.com/rad>.

### REVIEW PROCESS

#### PREFERRED CONDITIONS OF MANUSCRIPTS

RESOLUTION AND DISCOVERY strives to publish high quality papers. To ensure this goal, we apply some basic quality and relevance criteria when reviewing a manuscript, in particular every submission undergoes iThenticate plagiarism and self-plagiarism check (including original, revised as well as accepted versions of the MS). Not fulfilling these requirements may lead to desk rejection of a submitted manuscript.

#### REVIEW OF THE MANUSCRIPTS

Each paper will be read by at least two unbiased peer reviewers, chosen avoiding any conflict of interest. RESOLUTION AND DISCOVERY applies a single-blind review process, in which the reviewers' identities are hidden to the authors while the reviewers are aware of the authors' identity.

Authors are welcome to suggest at most three potential reviewers when submitting their manuscripts. They cannot be employed in the same country as any of the authors. Suggested reviewers may not be in any way affiliated with the author or the work. Authors should provide academic email addresses of the proposed reviewers. The editor may not use author's suggestion, but it may facilitate the review process. Excluding reviewers is not possible.

Unpublished results are treated strictly confidentially.

### COPYRIGHT AND LICENCE POLICY

#### OPEN ACCESS

RESOLUTION AND DISCOVERY is a Gold Open Access journal. Readers can read, download, copy, distribute, print, search or link to the full texts of all articles, or use them for any other non-commercial lawful purpose. All articles are distributed under Creative Commons Attribution-NonCommercial 4.0 International Licenses.

The Open Access Licence Agreement form can be downloaded from [here](#) (and a slightly modified variant [here](#); for those authors who are eligible for Open Access publication through the EISZ consortial agreement, see below).

#### COPYRIGHT AND LICENCE POLICY

By default, the articles are published under the *Creative Commons Attribution-NonCommercial 4.0 International Licenses Copyright Terms*. With that, the authors grant to Akadémiai Kiadó Zrt. (hereafter the Publisher) an irrevocable nonexclusive license to publish the article in electronic and print format, and further sublicense the

## Instructions for Authors

article in its original language throughout the world. The Publisher has the exclusive right to publish the article first.

The Author shall declare and warrant that

- he/she is the exclusive author of the article along with the above indicated co-authors and he/she has the approval of all the other co-authors to publish the article in its current form,
- the article is their own intellectual product,
- the article is original, has not been formally published in any other peer-reviewed journal, is not under consideration by any other journal and does not infringe any existing copyright or any other third-party rights,
- there is no plagiarism in the article, the content is punctual and true to the best of the Author's knowledge, it does not include any libel, or parts that are obscene or violate the copyrights, private life or any other rights of a third party, or that are illegal and shall warrant that the manuscript is not partly or entirely under review or being published at any other journals either in English or in any other languages,
- the Author shall accept that he/she shall provide the exact location of the first publication of the article when making the article available to any third party and shall enclose the link to the location of the first publication in the following format: (<https://doi.org/> [The DOI-number of the article without brackets]).

The Publisher shall be entitled to the following – not exclusive - rights of use after the first publication:

- To make the article available to the public for download on their own official publisher webpage without any time restriction.
- To utilize the article for commercial purposes individually or for the entire journal without any geographic or time limitation (for subscribers, one-off downloaders, one-off buyers of the article archive, etc.).
- To convert the article into the optional electronic format, to copy the article on a PC or electronic data medium.
- To publish the article in the electronic and printed journals indicated on the official publisher homepage, also including those journals that are partially or entirely available to a third party against a subscription fee.
- To share the publishing and rights of use with any other third party, respectively exercise these rights together with a third party.
- To translate the article into a different language.
- To represent the author in the case of conducts of infringement of rights, unauthorized usage or violation of copyrights.
- To exercise all those rights that any third party is entitled to according to the license terms "CC BY NC" indicated above.

The articles published in the framework of the *EISZ Read and Publish Agreement* (see below) are covered by the *Creative Commons Attribution 4.0* International License. That is, their use is allowed also for commercial purposes.

### AUTHOR CHARGES

In accordance with the agreement between the [Electronic Information Service National Programme](#) (EISZ) and Akadémiai Kiadó, papers with a corresponding author affiliated to a member institution subscribing to the journal package of Akadémiai Kiadó will be published without an author fee.

# Resolution and Discovery

## Instructions for Authors

In principle, the Authors of manuscripts submitted after Feb 1, 2020 and not covered by the agreement between EISZ and Akadémiai Kiadó are requested to pay the *Article Processing Charge* (APC) to cover the publishing costs of the paper. However, until further notice, the APC for RESOLUTION AND DISCOVERY is waived by the Publisher, that is, there is no fee to be paid by authors not covered by the EISZ Read and Publish Deal.

Please note that there is no peer review charge either.

For more information on Akadémiai Kiadó's Open Access policy visit our [website](#).

### ETHICAL STATEMENT

RESOLUTION AND DISCOVERY and Akadémiai Kiadó are committed to the ethical practices in science publishing and therefore follow the COPE [Code of Conduct for Journal Editors](#) as well as the [Code of Conduct for Journal Publishers](#). All authors are expected to be aware and follow the [Ethical Guide of Akadémiai Kiadó](#), conform to the highest standards of ethical conduct in the submission of accurate data, acknowledging the work of others, and divulging potential conflicts of interests.

### PREPARATION OF THE MANUSCRIPTS

RESOLUTION AND DISCOVERY publishes Original Research Papers and Review Papers. Review papers are generally by invitation. However, prospective authors are welcome to submit review paper proposals to the Editor-in-Chief.

### MANUSCRIPTS

Manuscripts should be written in clear, concise, and grammatically correct English. The order should be as follows: *title page, abstract, keywords, text, acknowledgements, supporting information, notes, references, tables, figures, figure captions*.

### TITLE

The *title* should be concise and informative. Abbreviations in the title should be avoided.

### ABSTRACT

should not exceed 250 words.

### KEYWORDS

should not exceed 6.

### TEXT

The body of research reports will generally include the following headings: *Introduction, Experimental Details, Results and Discussion, Conclusions (Limitations)*. Further subheadings are acceptable.

### ACKNOWLEDGEMENT

You may add an optional *Acknowledgements* section for any further information you wish to disclose.

### FOOTNOTES

should only be used if absolutely necessary.

# Resolution and Discovery

## Instructions for Authors

### REFERENCES

in the text should be cited by names only if they are part of the sentence: “Loomans et al. [1] described earlier...,” otherwise they should be indicated by the reference number(s) in square brackets [3, 7, 12]. If there are more than two authors, the name of the first author should be used, followed by “et al.” List the references in order of appearance at the end of the paper. The style and punctuation of references should conform to that used in the journal, following the ACS Style Guide. See the following examples:

[1] Loomans, M. E.; Vaynman, S.; Ghosh, G.; Fine, M. E. J. *Electron. Mater.* **1994**, *23*, 741–746.

[2] Akiyama, S.; Ueno, H.; Imagawa, K.; Kitahara, A.; Morimoto, K.; Nishikawa, T.; Itoh, M. US Pat. 4 713 277, 1987.

[3] Handwerker, C.; Kattner, U.; Moon, K. W. Fundamental Properties of Pb-Free Solder Alloys. In: *Lead Free Soldering*, Bath, J., Ed.; Springer: New York, 2007; pp. 21–74.

[4] Reed-Hill, R. E. *Physical Metallurgy Principles*; PWS Publishing Company: Massachusetts, 1994; pp. 306–307.

[5] Vianco, T. P. *Development of Alternatives to Lead-Bearing Solders*, Proceedings of the Technical Program on Surface Mount International, San Jose, CA, 19 August–2 September 1993.

### TABLES

Each, bearing a title, should be self-explanatory. They should all be mentioned in the text, numbered consecutively with Arabic numerals and placed on separate sheets at the end of the manuscript, following the *References*.

### FIGURES

Figures should be inserted within the text or in the end of the manuscript following the References, or as separate files if so preferred. When a figure consists of several parts (e.g. a and b), please mark them clearly and refer to each part in the caption to the figure. Figures must be prepared in \*.JPG, \*.TIF or \*.BMP format, and numbered in order of citation in the text. All figures should be mentioned in the text. Color or gray scale photograph and line drawing resolution must be at least 600 DPI.

### PROOF

Online page proofs for checking are requested to be returned within three working days of receipt. Please note that authors are urged to check their proofs carefully before submitting corrections, since late corrections cannot be guaranteed for inclusion and post-publication corrections are only possible in an erratum. Corrections to the proofs must be restricted to existing errors. Rewriting the text or modifying authorship is not accepted in the proof stage.
