

Acta Phytopathologica et Entomologica Hungarica

Instructions for Authors

AIMS AND SCOPE

The ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA publishes papers on the infectious diseases of plants, damages caused by insects and deals with the basic aspects of chemical and biological protection. Within its field of interest additional topics such as resistance against plant diseases, and physiological, biochemical and molecular questions of plant resistance and susceptibility are also discussed. The journal's language is English.

EDITORIAL BOARD INFORMATION

ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA was founded in 1966 by the Hungarian Academy of Sciences. Its publisher is Akadémiai Kiadó, Budapest, Hungary.

EDITORIAL BOARD

ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA is handled by an independent Editorial Board of autonomous scholars. Free from any external influence, they decide about the journal's policies in general, and – based on the outcome of a peer review – about the acceptance of papers in each concrete case. The names and affiliations of the Editorial Board members can be found on the [journal's web page](#).

CONTACT

In case of any query, please, feel free to contact: turoci.agnes@atk.hun-ren.hu

ADDRESS OF THE EDITORIAL OFFICE

Editor-in-Chief

Acta Phytopathologica et Entomologica Hungarica

P.O. Box 102

H-1525 Budapest, Hungary

Phone: (36 1) 487 7521

Fax: (36 1) 487 7555

PUBLICATION SCHEDULE

One volume of two issues is published every year.

DIGITAL ARCHIVE

The entire journal content is archived in the [Portico](#) preservation archive.

SUBMISSION INFORMATION

Submission of a paper to the ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA will be taken to imply that it represents original work not previously published, that it is not being considered elsewhere for publication, and that if accepted for publication it will not be published elsewhere in the same form, in any language, without the consent of editor and publisher.

Acta Phytopathologica et Entomologica Hungarica

Instructions for Authors

SUBMISSION

Authors should preferably submit their manuscripts using the online manuscript submission and peer review *Open Journal System*. Details are available online at <https://submit.akademiai.com/aphyt/index.php/aphyt>.

REVIEW PROCESS

PREFERRED CONDITIONS OF MANUSCRIPTS

The ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA strives to publish high quality papers. To ensure this goal, we apply some basic principles when reviewing a manuscript. Not fulfilling these principles may lead to desk rejection of a submitted manuscript.

REVIEW OF THE MANUSCRIPTS

Each paper will be read by at least one unbiased peer reviewer, chosen avoiding any conflict of interest. ACTA PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA applies a single-blind review process, in which the reviewers' identities are hidden to the authors.

Authors are welcome to suggest or exclude reviewers when submitting their manuscripts. Suggested reviewers may not be in any way affiliated with the author or the work. Authors should provide any means of verifying the identity of the suggested reviewer, excluding e.g. a private email address. The editor may not use author's suggestion, but it may facilitate the review process.

During the review process, authors may inquire at the journal editors or the publisher. Direct communication between authors and peer reviewers is not allowed.

Unpublished results are treated strictly confidentially.

COPYRIGHT AND LICENCE POLICY

OPEN ACCESS

Authors of PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA can optionally choose Open Access appearance. With this choice, readers can read, download, copy, distribute, print, search or link to the full texts of articles, or use them for any other non-commercial lawful purpose. Such articles are distributed under Creative Commons Attribution-NonCommercial 4.0 International Licenses.

The Open Access Licence Agreement form can be downloaded from [here](#) (and a slightly modified variant [here](#); for those authors who are eligible for Open Access publication through the EISZ consortial agreement, see below).

Authors not choosing Open Access publication are expected to sign the Copyright Transfer Form available [here](#).

SELF-ARCHIVING

The Author is entitled to self-archive the preprint version of his/her manuscript. The preprint version is the Author's manuscript or the galley proof or the Author's manuscript along with the corrections made in the course of the peer review process. The Author's right to self-archive is irrespective of the format of the preprint (.doc, .txt, .pdf) version and self-archiving includes the free circulation of this file via email or publication of this preprint

Acta Phytopathologica et Entomologica Hungarica

Instructions for Authors

on the Author's webpage or on the Author's institutional repository with open or restricted access. When self-archiving a paper, the Author should clearly declare that the archived file is not the final published version of the paper, he/she should quote the correct citation and enclose a link to the published paper ([http://dx.doi.org/\[DOI of the Article without brackets\]](http://dx.doi.org/[DOI of the Article without brackets])).

AUTHOR CHARGES

APC FOR OPEN ACCESS ARTICLES

If choosing the optional Open Access appearance, corresponding author of every manuscript submitted after Feb 1, 2020 is requested to pay the *Article Processing Charge* (APC) of 900 EUR (including VAT) to cover the publishing costs of the paper.

In accordance with the agreement between the [Electronic Information Service National Programme](#) (EISZ) and Akadémiai Kiadó, papers with a corresponding author affiliated to a member institution subscribing to the journal package of Akadémiai Kiadó, can be published with no fee.

Akadémiai Kiadó offers 50% discount for Editorial Board members, and institutions of low- and middle-income countries. Discounts may not be combined. A limited number of waivers is available.

Manuscripts with outstanding payment will not be published until the balance is cleared. Once your paper is accepted for publication in PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA, and the authors made the Open Access choice, you will be requested to enter our online payment platform (<http://apc.akademiai.hu>), where after registration You can upload license agreement and transfer the fee. Article processing will commence after the amount due has been remitted to our account.

SUBMISSION FEE

There is no submission fee or peer review charge. The only applicable fee is the article processing charge for authors of accepted papers who made the OA choice.

For more information on Akadémiai Kiadó's Open Access policy visit our [website](#).

ILLUSTRATIONS PRINTED IN COLOUR

Colour illustrations in the printed paper are available for the additional charge 40 Eur (or 10 000 HUF) + VAT per picture. Otherwise printed figures will be transformed to grayscale (keeping them colour in the online version).

ETHICAL STATEMENT

PHYTOPATHOLOGICA ET ENTOMOLOGICA HUNGARICA and Akadémiai Kiadó are committed to the ethical practices in science publishing and therefore follow the COPE [Code of Conduct for Journal Editors](#) as well as the [Code of Conduct for Journal Publishers](#). All authors are expected to be aware and follow the [Ethical Guide of Akadémiai Kiadó](#), conform to the highest standards of ethical conduct in the submission of accurate data, acknowledging the work of others, and divulging potential conflicts of interests.

Acta Phytopathologica et Entomologica Hungarica

Instructions for Authors

PREPARATION OF THE MANUSCRIPTS

Manuscripts must be written in English including Abstract, References, Tables and Captions -- typed doublespaced (25 lines, 50 characters per line including spaces) – supplied with authors' names, page number. Tables should be on separate, numbered pages after the References. Captions, on a separate page, should follow the tables.

The main text should be typed in Times New Roman fonts of 12 pt size, with 1.5 line spacing justified.

TITLE

The title should reflect the most important aspects of the article, in a preferably concise form of not more than 200 characters and spaces. All words – except prepositions, articles, and conjunctions – are to be capitalised. The title should be typed using semibold Times New Roman fonts of 18 pt size, centred.

AUTHORS

Please provide full names of all authors in the Firstname LASTNAME format, marking clearly the corresponding author. The authors' names should be followed by affiliations and addresses. (No inclusion of scientific titles is necessary.) Please provide the ORCID ID for all authors.

ABSTRACT

Abstracts are required for all the manuscripts. They should be typed in one paragraph and limited to max. 200 words.

KEYWORDS

At most five keywords separated by commas are to be provided for all papers for search optimization.

TEXT

Major sections are: Introduction, Material and Methods, Results, Discussion, References. Subheadings may be used, though the unnecessary fragmentation of the text should be omitted.

Intervals, e.g. from 1 to 4, should be written with N-dash: 1–4.

IN-TEXT CITATIONS

In-text citations should contain the author's last name and the publication year (with comma between them). In case of multiple authors, add et. al.. In a list of in-text citations separate the items by semicolons. For example: Deverall, 1992; Érsek et al., 1977.

REFERENCES

List the cited literature in alphabetic order by authors' surnames. The list should contain names and initials of all the authors (et al. is not accepted here); for journal articles year of publication, the title of the paper, full title of the journal (do not abbreviate titles), volume number, issue number (in brackets), first and last page. Hungarian titles should be translated in parentheses. For books or chapters of books, the titles are followed by the publisher as well as place and date of publication. For internet spaces include the title, the URL and the date when it was accessed.

Acta Phytopathologica et Entomologica Hungarica

Instructions for Authors

EXAMPLES

Érsek, T., Király, Z., and Dobrovolszky, A. (1977). Lack of correlation between tissue necrosis and phytoalexin accumulation in tubers of potato cultivars. *Journal of Food Safety*, 1(2): 77–85.

Deverall, B. J. (1992). Introduction. In: Bailey, J. A. and Mansfield, J. W. (Eds.), *Phytoalexins*. Blackie, Glasgow and London, pp. 1–20.

Centers for Disease Control and Prevention (2019). Data and statistics for cerebral palsy. Available at: www.cdc.gov/ncbddd/cp/data.html (Accessed: 4 May 2019).

TABLES

Each table – edited by MS Word – should be located on a separate page. The title should be self-explanatory and include enough information so that each table is intelligible without reference to the text or other tables. The title should summarize the information presented in the table without repeating the subheadings. Subheadings should be brief (abbreviations are acceptable), nonstandard ones can be explained in footnotes. Cite tables in numerical order in the manuscript. Refer to them as **Table 1**, and as **Tables 1 and 2** to multiple tables. Information presented in a table should agree with that in the text.

FIGURES

Figures should not be embedded in the text; rather each figure should be located on a separate page at the end of the manuscript. Alternatively, figures can be submitted as separate files labelled with the figure number, author's name, and Acta Phytopathologica. Line-drawing should be clear and of high quality, at least 600 dpi resolution. Other figures should be at least of 300 dpi resolution. In articles on Entomology, figures representing insects or their parts, should be equipped with a scale. Cite all figures in numerical order in the manuscript. Referring to a single figure use the format **Fig. 1** (with period) and for multiple figures write **Figs 2–3** (without period using N-dash between the numbers). In figures consisting of several pictures, the parts should be labelled by upper case letters **Fig. 1A, B, C** (by no means use numbers). Captions should describe the contents so that each illustration is understandable when considered apart from the text.

PROOF

Online page proofs for author's approval or corrections are requested to be returned within 48 hours from receipt. Please note that authors are urged to check their proofs carefully before submitting corrections, since late corrections cannot be guaranteed for inclusion and post-publication corrections are only possible in an erratum. Corrections to the proofs must be restricted to existing errors. Rewriting the text or modifying authorship is not accepted in the proof stage.

AUTHORS' ACCESS TO THE PUBLISHED PAPER

Free online access is provided to the corresponding author after registration on the publisher's platform akjournals.com. More information about the process is available [here](#).
