

## INSTRUCTIONS FOR AUTHORS

*Nanopages* is an **Online Only, Open Access journal**, however, there is **no author fee** involved. Articles submitted are subject to double blind peer review.

Manuscripts should be submitted at <http://submit.akademiai.com/nanopages>

Submission of a paper to *Nanopages* will be taken to imply that it represents original work not previously published, that it is not being considered elsewhere for publication. It is a condition of the acceptance by the editor of a typescript for publication that the publisher automatically acquires the exclusive right to publish the article first throughout the world.

A copy of the License Agreement will be sent to the authors of papers accepted for publication. Manuscripts will be processed only after receiving the signed copy of the statement.

Open Access policy of *Nanopages* includes the **free and unrestricted self-archiving** of the final published version of papers on the Author's webpage or on the Author's institutional repository with open or restricted access. When self-archiving or communicating a paper via e-mail, the Author should quote the correct citation and enclose a link to the published article ([https://doi.org/\[DOI of the Article without brackets\]](https://doi.org/[DOI of the Article without brackets])).

Advantages of the Open Access model:

- Increased readership without limitations.
- Readers will find the final, official version on a credible site.
- More accurate citations to the article in greater numbers.
- Copyright shall be retained by the author under a Creative Commons License (CC-BY or CC-BY-NC)
- Compliant with the requirements of research funds (NIH, Wellcome, OTKA, etc.)

Should you have any question, please contact the editors of the journals.
