

Studia Scientiarum Mathematicarum Hungarica

Combinatorics, Geometry and Topology (CoGeTo)

Instructions for Authors

AIMS AND SCOPE

STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA publishes original research papers of high quality and significance specialized in combinatorics, and combinatorial aspects of geometry and topology. Papers providing interesting, important and unexpected links connecting these topics to other parts of mathematics are also welcome. The purpose of the journal is the advancement of mathematical research in the above topics and especially in their interactions. The journal's language is English.

EDITORIAL BOARD INFORMATION

STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA was founded in 1966 by the Hungarian Academy of Sciences. Starting from 2021, it carries the subtitle Combinatorics, Geometry and Topology (CoGeTo) expressing the new scope. Its publisher is Akadémiai Kiadó, Budapest, Hungary.

EDITORIAL BOARD

The international Editorial Board consists of experts in Combinatorics, Geometry and Topology. Their names and affiliations can be found on the [journal's web page](#).

ADDRESS OF THE EDITORIAL OFFICE

STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA

Gábor Sági

Address: P.O. Box 127, H-1364 Budapest, Hungary

Phone: (36 1) 483 8344 ---- Fax: (36 1) 483 8333

E-mail: smh.studia@renyi.mta.hu

PUBLICATION SCHEDULE

One volume of four issues is published annually.

DIGITAL ARCHIVE

The entire journal content is archived in the [Portico](#) preservation archive.

SUBMISSION INFORMATION

Submission of a paper to STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA will be taken to imply that it represents original work not previously published, that it is not being considered elsewhere for publication, and that if accepted for publication it will not be published elsewhere in the same form, in any language, without the consent of editor and publisher. The submitting author warrants that all the authors of the paper agree to it being submitted to STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA in this form.

SUBMISSION

Authors should submit their manuscripts using the online manuscript submission and peer review platform *Edit Flow*. Details are available online at https://ef.msp.org/submit_new.php?j=ak_smh.

Instructions for Authors

REVIEW PROCESS

REVIEW OF THE MANUSCRIPTS

In general, manuscripts will be peer reviewed by external reviewers with no conflict of interest. Submissions that do not meet the standards of the journal, could be rejected without a review. **STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA** applies a single-blind review process, in which the authors' identities are known to the reviewer but the reviewers' identities are not revealed.

COPYRIGHT AND LICENSE POLICY

OPEN ACCESS

The authors of **STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA** can optionally choose to have their articles published with Open Access. When choosing Open Access, readers will be able to read, download, copy, build upon, distribute, print, search or link to the full texts of articles, or use them for any other non-commercial lawful purpose. By default, articles are distributed under Creative Commons Attribution-NonCommercial 4.0 International Licenses, unless otherwise specified (see below under **AUTHOR CHARGES**).

The Open Access License Agreement form can be downloaded from [here](#) (and a slightly modified variant [here](#); for those authors who are eligible for Open Access publication through the EISZ consortial agreement, see below under **AUTHOR CHARGES**).

Authors not choosing Open Access publication are expected to sign the Copyright Transfer Form available [here](#).

SELF-ARCHIVING

The Author is entitled to *self-archive* the *postprint* version of his/her manuscript. The *postprint* version is the Author's manuscript or the galley proof or the Author's manuscript along with the corrections made in the course of the peer review process (thus the only version not included here is the final published version of the paper that is prepared after the galley proofs are sent back to the publisher). The Author's right to *self-archive* is irrespective of the format of the postprint (.doc, .txt, .pdf) version and self-archiving includes the free circulation of this file via email or publication of this postprint on the Author's webpage or on the Author's institutional, or any other repository with open or restricted access. When self-archiving a paper, the Author should clearly declare that the archived file is not the final published version of the paper, he/she should quote the correct citation and enclose a link to the published paper ([https://doi.org/\[DOI of the Article without brackets\]](https://doi.org/[DOI of the Article without brackets])).

The *final published version* of the paper can also be used and circulated *privately* (by sending it for example to colleagues or students) but the authors are not allowed to make it publicly available.

AUTHOR CHARGES

If choosing the optional Open Access appearance, corresponding author of every manuscript submitted after Feb 1, 2020 is requested to pay the *Article Processing Charge* (APC) of 900 EUR (including VAT) to cover the publishing costs of the paper.

Studia Scientiarum Mathematicarum Hungarica

Combinatorics, Geometry and Topology (CoGeTo)

Instructions for Authors

In accordance with the agreement between the [Electronic Information Service National Programme](#) (EISZ) and Akadémiai Kiadó, papers with a corresponding author affiliated to a member institution subscribing to the journal package of Akadémiai Kiadó, can be published with no fee.

Akadémiai Kiadó offers 50% discount for Editorial Board members, and institutions of low- and middle-income countries. Discounts may not be combined. A limited number of waivers is available.

Manuscripts with outstanding payment will not be published until the balance is cleared. Once your paper is accepted for publication in **STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA**, and the authors made the Open Access choice, you will be requested to enter our online payment platform (<https://apc.akademiai.com>), where after registration You can upload license agreement and transfer the fee. Article processing will commence after the amount due has been remitted to our account.

Please note that there is no peer review charge, the only applicable fee is the article processing charge for authors of accepted papers who choose to publish with Open Access; and 40 EUR (or 10 000 HUF) (+ VAT, if applicable) for each illustration that the author opts to be printed in colour.

For more information on Akadémiai Kiadó's Open Access policy visit our [website](#).

ETHICAL STATEMENT

STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA and Akadémiai Kiadó are committed to the ethical practices in science publishing and therefore follow the COPE [Code of Conduct for Journal Editors](#) as well as the [Code of Conduct for Journal Publishers](#). All authors are expected to be aware and follow the [Ethical Guide of Akadémiai Kiadó](#), conform to the highest standards of ethical conduct in the submission of accurate data, acknowledging the work of others, and divulging potential conflicts of interests.

PREPARATION OF THE MANUSCRIPTS

Before acceptance, grammatical errors should also be corrected.

MANUSCRIPTS

The publication process can be accelerated if the authors prepare the final version of their manuscript using BiBTeX and **STUDIA SCIENTIARUM MATHEMATICARUM HUNGARICA**'s own LaTeX style **SSMH.cls**. The style file and the template can be downloaded from [here](#). Figures should be embedded in the LaTeX file.

Every submission should contain an abstract summarizing the main message. In the final version of the submission, also *Keywords* and *AMS 2020 Subject Classification* codes are requested.

References should be listed in *alphabetical order*, preferably according to the following pattern (automatically produced by the style file):

FOR A PAPER IN A JOURNAL:

Paul Moritz Cohn. An embedding theorem for free associative algebras. *Mathematica Pannonica*, 1(1):49–56, 1990.

György Elekes, Pál Erdős, and András Hajnal. On some partition properties of families of sets. *Studia Sci. Math. Hungar.* 13(1–2):151–155, 1978.

Combinatorics, Geometry and Topology (CoGeTo)

Instructions for Authors

FOR A BOOK:

Wilhelm Blaschke. *Ebene Kinematik*. Oldenburg, München, 1956.

PROOFS

The author will receive the first proof in a **.pdf** file and will be requested to read and correct it carefully and return it promptly (within one week at the latest) to the copy editor. The corrections should be marked in the PDF file or sent in a separate list with reference to the respective pages and lines.
